

# Care of Band Front Uniforms

Band Front Includes Royalaires and Royalettes

**TAKE CARE OF THIS UNIFORM. THE COST IS \$450-500 EACH!!!**

## **Jacket**

The jacket worn for the Football show is **Dry Clean only!!** Great Care must be taken to avoid getting makeup on the jacket. Application and blotting of excess makeup prior to putting on the jacket is recommended. Paper towels or tissues around the collar during makeup application, and shortly after, are also a good idea. If during a performance or after, makeup does get on the jacket try and just brush it off.

## **DO NOT TO ATTEMPT TO SPOT CLEAN MAKEUP STAINS**

Any stain that cannot be brushed off must be promptly cleaned by a professional dry cleaner. Please advise them the nature of the stain when you take it in. Do not let stains sit on the jacket for weeks before cleaning; this may set the stain permanently. Any stain on your jacket that does not come off with dry-cleaning needs to be evaluated by us. .

If your jacket gets wet, please hang it separately where it can dry. Do not store a damp uniform in the uniform bag. It will mildew.

## **Black one-piece outfit**

Machine wash in cold water on delicate cycle. Do NOT hang to dry (it stretches). Dry on the air fluff cycle of dryer. NO HEAT should be used in the drying process. DO NOT cut off any fabric from the legs if it needs shortening. Just turn up a large hem.

## **Raincoat**

If your raincoat gets muddy or dirty, please spot clean with a wet cloth. If it needs to be washed during the season, please wash in warm water with a mild detergent on gentle cycle. Hang to dry. DO NOT PUT THE RAINCOAT IN THE DRYER. DO NOT DRY CLEAN YOUR RAINCOAT. You should re-Scotchgard the seams after washing.

Always carry your uniform in the garment bag provided. If the bag gets soiled or muddy it can be cleaned with a damp sponge and mild dish soap

**YOU WILL BE CHARGED FOR ANY UNIFORM PARTS THAT ARE LOST OR EXCESSIVELY DAMAGED.**

You will receive notification as to when the uniforms should be turned in at the end of the season (November or early December).

When in doubt call us. We will be available before every football game and contest. We always have spare parts, a repair kit, safety pins, hairpins, and much more in our supply box. We can solve uniform problems.
